

JHS-2000

JHS-1100

Specification

Model	(JHS-2000)
Rating Voltage	220-240V
Frequency	50Hz
No-loading Speed	2200rpm
Input power	2000W
Grooving depth (25 mm Blade)	26mm
Grooving width (25 mm Blade)	26mm
Grooving depth (35 mm Blade)	40mm
Grooving Width (35 mm Blade)	40mm

Machine Price Include - 25 mm Blade

Specification

Model	(JHS-1100)
Rating Voltage	220-240V
Frequency	50Hz
No-loading Speed	1600rpm
Input power	1100W
Grooving depth (25 mm Blade)	26mm
Grooving width (25 mm Blade)	26mm
Grooving depth (35 mm Blade)	35mm
Grooving Width (35 mm Blade)	35mm

Machine Price Include - 25 mm Blade

Features

- Ergonomic design with soft handle for extra comfort.
- Excellent anti-dust design for excessive dust condition.
- Complete slotting at one time in high efficiency.
- Adjustable chasing depth for different needs.
- Alloy gearbox combines durability with beauty.
- Roller design to reduce the frictional resistance from wall when grooving.
- Long lasting alloy blade tested to last up to 200 hours.
- Equipped with quick cleaning dust extractor system.
