MULTI MAST PLATFORM

Features

For higher capacities, greater lifting height or where the application requires a larger platform size and load capacity, Multi Mast Aerial Work Platforms are available. Dual Mast Platforms are available up to a working height of 13.7 mtrs and maximum platform height of 12 mtrs. Triple mast & Four mast platforms are available up to a maximum platform height of 14 mtrs.

All Multi Mast Work Platforms have foldable railings, which can be folded for compact storage and easy maneuverability through low doorframes.

Extendable Platform

An extendable platform is available on request and can be provided for use in inaccessible places, with extra reach. This is available for double mast platform only.
