

# HYDRAULIC FLOOR CRANE U-TYPE

Model 10 U  
Model 20 U  
Model 30 U

U-type for loads kept between legs

## Features

The chassis is (U) shaped and the job to be lifted is accommodated within the frame itself. The equipment is use full for loading and unloading jobs into trucks & other areas, where the legs can be easily moved. Slide under obstructions. The advantage of this equipment is that being shorter in length it has a small turning radius and no counter weights are required for loading moment.
